

The screenshot displays a web browser window with the address bar showing the file path: `file:///Users/alexandriavincen/Documents/Full Stack Web Dev/Allie Vincent - Personal Website/index.html`. The browser's tab bar includes tabs for 'Allie Vincent | Personal Website', 'New Tab', and 'WAVE Accessibility Extension'. The browser's address bar shows the URL: `file:///Users/alexandriavincen/Documents/Full Stack Web Dev/Allie Vincent - Personal Website/index.html`. The browser's address bar shows the URL: `file:///Users/alexandriavincen/Documents/Full Stack Web Dev/Allie Vincent - Personal Website/index.html`. The browser's address bar shows the URL: `file:///Users/alexandriavincen/Documents/Full Stack Web Dev/Allie Vincent - Personal Website/index.html`.

The website being viewed is 'Allie Vincent', which features a navigation menu with links: [Intro](#), [Resume](#), [Projects](#), [About](#), and [Contact](#). The page content includes a header with the text 'Student · Researcher · Athlete' and a large heading 'Hi, I'm Allie.'.

The WAVE accessibility evaluation tool is overlaid on the bottom of the browser window. It shows the following results:

- Errors:** 0
- Contrast Errors:** 0
- Alerts:** 0
- Features:** 4
- Structure:** 35
- ARIA:** 2

The tool also displays a message: 'Congratulations! No errors were detected! Manual testing is still necessary to ensure compliance and optimal accessibility.' and an 'AIM Score: 10 out of 10'.
